The Volusia County Transform386 Single Family Repair and Replacement Program intends to repair, replace, and reconstruct MHUs and site-built homes that received damage from Hurricane Ian. The program, in conjunction with its implementation vendor, LEMOINE Disaster Services, conducted a pricing exercise to inform the development of unit and site-specific costs to be utilized in the execution of the program. After careful analysis, the county has determined that the following costs meet cost reasonable standards established in 2 CFR part 200.

The county hereby establishes the following costs by unit configuration for the replacement of mobile home units:

MHU Unit Configuration Options	Program Size Range	\$/SF	Minimum Unit Price	Maximum Unit Price
Singlewide 2 bedroom / 2 bathroom	750-900 SF	\$136	\$102,000	\$122,400
Singlewide 3 bedroom / 2 bathroom	1000-1200 SF	\$133	\$133,000	\$159,600
Singlewide 4 bedroom / 2 bathroom	1000-1200 SF	\$137	\$137,000	\$164,400
Doublewide 2 bedroom / 2 bathroom	1000-1250 SF	\$145	\$145,000	\$181,250
Doublewide 3 bedroom / 2 bathroom	1250-1500 SF	\$132	\$165,000	\$198,000
Doublewide 4 bedroom / 2 bathroom	1400-1600 SF	\$125	\$175,000	\$200,000
Wheelchair accessible	add-on option	N/A	\$9,125	\$9,125

The county hereby establishes the following costs by unit configuration for the reconstruction of site-built homes:

Reconstruction Unit Configuration Option	Size (SF)	Unit Price
CRANE 2 Bedroom/2 Bathroom	1048	\$227,500
PELICAN 3 Bedroom/2 Bathroom	1224	\$272,500

The program may utilize a 4 bedroom/2 bathroom site-built home upon approval of the Special Case Panel at a fixed cost of \$275,000.

These costs for MHU and site-built homes are not inclusive of other site-specific costs that are required to complete the projects. All site-specific costs shall follow the attached pricelist. Any site-specific items that are required but not established on the pricelist shall be approved by the Transform386 Activity Program Manager for Construction.
